COOKIE POLICY (2026:2)

Last updated: 2026-11-18

1. Introduction
This Cookie Policy explains how Oizora AB (reg. no. 559577-1170) (“Oizora”, “we”, “us” or “our”) uses cookies and similar technologies when you use our website and services.

Cookies are small text files that are stored on your device when you visit a website. Similar technologies, such as browser local storage, work in a comparable way. In this policy, “cookies” covers both.

2. Summary

- **Our public website** (for example oizora.com and our product and pricing pages): we use Google Analytics only if you accept it in our cookie banner.
- **The Oizora platform** (dashboard, projects, administration): we use only strictly necessary cookies.
- **Interview and respondent pages** (interviews, registration, reference checks, shared reports, contract signing): we never use analytics or tracking of any kind.

3. Essential cookies (no consent required)
These cookies are required for the operation and security of the Service. They do not require consent under applicable data protection and ePrivacy laws.

Cookie/Storage	Purpose	Duration
Supabase Auth	Maintains your authenticated login session	Session/persistent
just_signed_out	Prevents redirect loops after logout	Session
oizora_cookie_consent	Remembers whether you accepted or declined analytics	Until you change your choice or clear your browser data

These cookies are necessary to:

- authenticate users
- maintain secure login sessions
- remember your cookie choice
- ensure proper functionality of the Service

Without these cookies, the Service would not function correctly.

4. Analytics cookies (only with your consent)
On our public website we use Google Analytics 4 to understand which pages are useful and how visitors find us. Google Analytics is loaded only after you click “Accept” in the cookie banner. It is never loaded inside the platform or on interview or respondent pages.

Cookie	Provider	Purpose	Duration
_ga	Google	Distinguishes visitors with a randomly generated ID	2 years
_ga_VW2ZGX5SRV	Google	Keeps track of the current visit	2 years

We have configured Google Analytics to limit the data collected:

- advertising features, ad personalisation and Google signals are switched off
- Google Analytics 4 does not log or store IP addresses

- location is collected only at country/region level
- analytics data is deleted after 2 months

Google Analytics is provided by Google Ireland Limited. Data may be transferred to Google LLC in the United States, which is certified under the EU–U.S. Data Privacy Framework. Read more in our Privacy Policy.

5. Local storage
In addition to cookies, Oizora uses browser localStorage for technical purposes related to the Service, including:

- authentication session persistence
- remembering your cookie choice
- user interface preferences for administrative users

Local storage is not used for tracking, analytics or marketing purposes.

6. Cookies and technologies we do not use
Oizora does not use:

- marketing or advertising cookies
- social media tracking pixels
- cross-site or third-party tracking for advertising

We do not track users for advertising, profiling or behavioural advertising purposes.

7. Managing cookies
You can change or withdraw your consent at any time by clicking “Cookie settings” in the footer of our website. If you decline after having accepted, we stop Google Analytics and delete its cookies from your browser.

You may also configure your browser to block or delete cookies. Blocking essential cookies may prevent you from accessing or using the Service.

8. Changes to this Cookie Policy
We may update this Cookie Policy from time to time. The latest version will always be available on our website.

9. Contact
If you have any questions about our use of cookies or similar technologies, please contact us at hello@oizora.com.
